

Version 1.0

Date of preparation: September 21, 2020

1. Product

Description: A universal aerosol cleaner for cleaning uncured polyurethane foam and adhesives. This cleaner is used to clean guns used for applying assembly foam and to remove fresh, uncured foam and uncured polyurethane adhesive from surfaces, tools, and hands.

Packaging: 500 ml – tin bottle

2. How to use :

Manual cleaning: Place the black cap on the can valve. Spray the can valve with foam or surfaces with fresh foam or polyurethane adhesive stains. Remove any residue with a dry cloth.

Cleaning the gun: Unscrew the foam can from the gun. If there is still unused foam in the container, spray the can's valve with the cleaner to clean it. Clean the gun adapter in the same way. Remove the cap from the cleaner bottle and screw the gun onto the cleaner container. Press the gun lever several times until the gun is completely clear of foam.

3. Storage and transportation

Store in a dry, well-ventilated area in tightly closed containers. Protect from moisture and direct sunlight.

Store away from heat sources, in original packaged containers in a vertical position. Avoid overheating containers above +40°C. Recommended storage temperature [°C]: 5-25

When stored under recommended conditions, in original packaging, the shelf life from the date of production is 12 months.

The product should be transported in tightly closed packaging.

4. Safety Before use,

read the product's Safety Data Sheet. Standard protective clothing should be worn when working with the product.

The above data, recommendations, and guidelines are based on our best knowledge, research, and experience and are provided in good faith in accordance with the policies in force at our company and our suppliers. The suggested procedures are considered common, but each user of this product should ensure by all means possible, including testing the final product under appropriate conditions, that the materials supplied are suitable for achieving their intended purposes. Neither the Company nor its authorized representatives can be held liable for any losses incurred as a result of improper or incorrect use of the product.
